June 10, 2026

To the Board of Education
Iowa City Community School District
Iowa City, Iowa

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Iowa City Community School District for the year ended June 30, 2024. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated February 17, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. As described in Note 14, the District adopted Governmental Accounting Standards Board (GASB) Statement No. 100, *Accounting Changes and Error Corrections- An Amendment of GASB Statement No. 62.* This statement did not have a significant impact to the District's financial statements.

No other new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2024.

We noted no transactions entered into by Iowa City Community School District during the year for which there is lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the District's financial statements were:

> Other Postemployment Benefit Liability and Related Deferred Inflows of Resources and Deferred Outflows of Resources: Management's estimate of the other postemployment benefit liability is based on an actuarial valuation computed based on employee-related factors such as turnover, retirement age, and mortality. These factors and an estimated discount rate and rate of return are based upon historical and general market data.
>
> Depreciable Useful Lives of Capital Assets: Management's estimate of the useful lives of capital assets involves judgments and assumptions based on prior experience of estimated useful lives assigned.
>
> Net Pension Liability and Related Deferred Inflows of Resources and Deferred Outflows of Resources for the Pension Liability: Management's estimate of the net pension liability is based on its proportionate share of the total net pension liability of the Iowa Public Employees Retirement system cost-sharing multiple-employer defined benefit pension plan administered by the state of Iowa. The liability is based on an actuarial valuation computed based on employee-related factors such as turnover, retirement age, and mortality. These factors and an estimated discount rate are based on historical and general market data.

Subscription-Based Information Technology Arrangements (SBITA) Assets and Subscription-Based Information Technology Arrangements (SBITA) Liabilities: Management's estimate of the SBITA liability is measured at the present value of subscription payments expected to be made during the subscription term discounted using the interest rate charged by the SBITA vendor or the District's incremental borrowing rate if the interest rate is not readily determinable. The subscription asset is measured as the sum of 1) the initial subscription liability amount, 2) payments made to the SBITA vendor before commencement of the subscription term and 3) capitalizable implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term.

Incurred But Not Reported (IBNR) Self-Insurance Liability: Management's estimate of the IBNR liability is based on past history of claims and lag time for payment and review of subsequent payments.

We evaluated the key factors and assumptions used to develop the above estimates in determining that the estimates are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of commitments and contingencies in Note 11 to the financial statements refers to commitments made by the District that will have future financial impact.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The material misstatements detected as a result of audit procedures and corrected by management are attached.

The attached schedule summarizes uncorrected misstatement of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate to the financial statements taken as a whole. The uncorrected misstatement or the matters underlying them could potentially cause future period financial statement to be materially misstated, even though, in our judgement, such uncorrected misstatements are immaterial to the financial statements under audit.

In addition, adjustments were made to restate the beginning net position of the Governmental Activities and the beginning net position of the Fiduciary Funds (Private-Purpose Trust Funds) as of June 30, 2023 as described in Note 15 to the financial statements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated June 10, 2026, which is attached.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

We have also issued a report on "Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards"* and a report on "Independent Auditor's Report on Compliance For Each Major Federal Program and On Internal Control Over Compliance Required by the Uniform Guidance". Our findings are included in the District's Financial and Compliance Report.

<u>Other Matters</u>

We applied certain limited procedures to management's discussion and analysis, schedule of changes in the District's total OPEB liability and related ratios, schedule of the District's proportionate share of the net pension liability, schedule of contributions to the pension retirement system and budgetary comparison schedules, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory section, which accompany the financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

<u>Restriction on Use</u>

This information is intended solely for the use of the Board of Education and management of Iowa City Community School District and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Bohnsack & Frommelt LLP

East Moline, Illinois 61244

This representation letter is provided in connection with your audits of the financial statements of Iowa City Community School District, which comprise the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows for the year then ended, and the disclosures (collectively, the financial statements), for the purpose of expressing opinions as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of June 10, 2026, the following representations made to you during your audit.

Financial Statements

1) We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated February 17, 2026 including our responsibility for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for preparation of the supplementary information in accordance with the applicable criteria.

2) The financial statements referred to above are fairly presented in conformity with U.S. GAAP and include all properly classified funds and other financial information of the primary government required by generally accepted accounting principles to be included in the financial reporting entity. There are no component units.

3) We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

4) We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.

5) The methods, significant assumptions, and data used in making accounting estimates and their related disclosures are appropriate to achieve recognition, measurement, or disclosure that is reasonable in accordance with U.S. GAAP.

6) Related party relationships and transactions, including revenues, expenditures/expenses, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.

7) All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed. No events, including instances of noncompliance, have occurred subsequent to the balance sheet date and through the date of this letter that would require adjustment to or disclosure in the aforementioned financial statements or in the schedule of findings and questioned costs.

8) The effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the financial statements as a whole for each opinion unit. A list of the uncorrected misstatements is attached to the representation letters.

9) We acknowledge our responsibility for the adjustments made to restate the beginning net position of the Governmental Activities and the beginning net position of the Fiduciary Funds (Private-Purpose Trust Funds) as of June 30, 2023. We confirm that these adjustments are correct, complete, and have been properly recorded and disclosed in Note 15 to the financial statements. Specifically, we represent the following:

a) Iowa School District Income Surtax Revenue: We acknowledge that the prior-period income surtax receivable was improperly classified as a deferred inflow of resources on the government-wide financial statements. We confirm that increasing the beginning net position by $7,976,285 correctly reflects the revenue recognition criteria under the full accrual basis of accounting.

b) General Obligation Bond Premiums: We confirm that the District's general obligation bond premiums for Series 2017, Series 2019, and Series 2020 were over-amortized in prior years. We represent that decreasing the beginning net position by $955,100 accurately corrects the cumulative under-accrual of the general obligation bond liability.

c) Early Retirement Liability: We acknowledge that the 20-day sick leave benefit linked to the 2023 early retirement incentive application criteria was omitted from prior liability calculations. We confirm that decreasing the beginning net position by $870,324 properly accounts for this previously under-accrued liability.

d) Private-Purpose Trust Funds: We represent that the three private-purpose trust funds omitted from the June 30, 2023 report have been fully identified, and their omission has been corrected by restating the opening fiduciary net position to include all active trust balances.

10) The effects of all known actual or possible litigation, claims, and assessments have been accounted for and disclosed in accordance with U.S. GAAP.

11) Guarantees, whether written or oral, under which the District is contingently liable, if any, have been properly recorded or disclosed.

Information Provided

12) We have provided you with:

a) Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters and all audit or relevant monitoring reports, if any, received from funding sources.

b) Additional information that you have requested from us for the purpose of the audit.

c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.

d) Minutes of the meetings of the Board of Education or summaries of actions of recent meetings for which minutes have not yet been prepared.

13) All material transactions have been recorded in the accounting records and are reflected in the financial statements and the schedule of expenditures of federal awards.

14) We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.

15) We have no knowledge of any fraud or suspected fraud that affects the entity and involves:

a) Management,

b) Employees who have significant roles in internal control, or

c) Others where the fraud could have a material effect on the financial statements.

16) We have no knowledge of any allegations of fraud or suspected fraud affecting the entity's financial statements communicated by employees, former employees, regulators, or others.

17) We have no knowledge of instances of noncompliance or suspected noncompliance with provisions of laws, regulations, contracts, or grant agreements, or waste or abuse, whose effects should be considered when preparing financial statements.

18) We have disclosed to you all known actual or possible litigation, claims, and assessments whose effects should be considered when preparing the financial statements.

19) We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. We are not aware of any related parties.

Government—specific

20) There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices.

21) There has been no fraud, or suspected fraud or noncompliance with provisions of laws, regulations, contracts, or grant agreements.

22) We have a process to track the status of audit findings and recommendations.

23) We have identified to you any previous audits, attestation engagements, and other studies related to the audit objectives and whether related recommendations have been implemented.

24) We have identified to you any investigation or legal proceedings that have been initiated with respect to the period under audit.

25) We have provided our views on reported findings, conclusions, and recommendations, as well as our planned corrective actions, for the report.

26) The District has no plans or intentions that may materially affect the carrying value or classification of assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fund balance or equity.

27) We are responsible for compliance with the laws, regulations, and provisions of contracts and grant agreements applicable to us, including tax or debt limits and debt contracts; and legal and contractual provisions for reporting specific activities in separate funds.

28) We have appropriately identified, recorded and disclosed all leases in accordance with GASB Statement No. 87.

29) We have appropriately identified, recorded, and disclosed subscription-based information technology arrangements in accordance with GASB No. 96.

30) There are no instances which have occurred or are likely to have occurred of fraud and suspected fraud or noncompliance with provisions of laws, regulations, contracts, and grant agreements that we believe have a material effect on the financial statements.

31) There are no violations or possible violations of budget ordinances, laws and regulations (including those pertaining to adopting, approving, and amending budgets), provisions of contracts and grant agreements, tax or debt limits, and any related debt covenants whose effects should be considered for disclosure in the financial statements, or as a basis for recording a loss contingency, or for reporting on noncompliance.

32) As part of your audit, you assisted with the preparation of the financial statements and related notes and schedule of expenditure of federal awards. We acknowledge our responsibility as it relates to those nonaudit services, including that we assume all management responsibilities; oversee the services by designating an individual, preferably within senior management, who possesses suitable skill, knowledge, or experience; evaluate the adequacy and results of the services performed; and accept responsibility for the results of the services. We have reviewed and approved and accepted responsibility for those financial statements and related notes and schedule of expenditure of federal awards.

33) We acknowledge that we have reviewed and approved proposed adjusting journal entries and approve those entries and take responsibility for them. The proposed entries are attached. We are in agreement with the adjusting entries you have proposed and they have been posted to the District's accounts.

34) The District has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral.

35) The District has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

36) There are no component units or joint ventures with an equity interest.

37) The financial statements include all fiduciary activities required by GASB Statement No. 84.

38) The financial statements properly classify all funds and activities in accordance with GASB Statement No.34, as amended.

39) All funds that meet the quantitative criteria in GASBS Nos. 34 and 37 for presentation as major are identified and presented as such and all other funds that are presented as major are particularly important to financial statement users.

40) Components of net position (net investment in capital assets; restricted; and unrestricted) and components of fund balance (nonspendable and restricted, committed, assigned, and unassigned) are properly classified and, if applicable, approved.

41) Investments, derivative instruments, and land and other real estate held by endowments are properly valued.

42) Provisions for uncollectible receivables have been properly identified and recorded.

43) Expenses have been appropriately classified in or allocated to functions and programs in the statement of activities, and allocations have been made on a reasonable basis.

44) Revenues are appropriately classified in the statement of activities within program revenues and general revenues.

45) Interfund, internal, and intra-entity activity and balances have been appropriately classified and reported.

46) Deposits and investment securities and derivative instruments are properly classified as to risk and are properly disclosed.

47) Capital assets, including infrastructure and intangible assets, are properly capitalized, reported, and, if applicable, depreciated.

48) We have appropriately disclosed the District's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available and have determined that net position is properly recognized under the policy.

49) We are following our established accounting policy regarding which resources (that is, restricted, committed, assigned, or unassigned) are considered to be spent first for expenditures for which more than one resource classification is available. That policy determines the fund balance classifications for financial reporting purposes.

50) We acknowledge our responsibility for the required supplementary information (RSI). The RSI is measured and presented within prescribed guidelines and the methods of measurement and presentation have not changed from those used in the prior period. We have disclosed to you any significant assumptions and interpretations underlying the measurement and presentation of the RSI.

51) We have not completed the process of evaluating the impact that will result from adopting GASBS No. 101-105. The District is therefore unable to disclose the impact that adopting these standards will have on its financial position and the results of its operations when adopted.

52) We believe GASB Statement No. 100 has been properly adopted and implemented

53) We agree with the findings of specialists in evaluating the other post-employment benefit estimate and IPERS estimate and have adequately considered the qualifications of the specialist in determining the amounts and disclosures used in the financial statements and underlying accounting records. We did not give or cause any instructions to be given to specialists with respect to the values or amounts derived in an attempt to bias their work, and we are not otherwise aware of any matters that have had an impact on independence or objectively of the specialists.

54) We believe that the actuarial assumptions and methods used to measure pension and OPEB liabilities and costs for financial accounting purposes are appropriate in the circumstances.

55) We are unable to determine the possibility of a withdrawal liability in a multiple-employer benefit plan.

56) There are no unused lines of credit, collateral pledged to secure debt, contractual debt terms and direct borrowings and private placements have been properly disclosed.

57) Receivables recorded in the financial statements represent valid claims against debtors for transactions arising on or before the balance sheet date and have been reduced to their estimated net realizable value.

58) Tax abatement agreements have been properly disclosed in the notes to the financial statements including the names of all governments involved, the gross amount and specific taxes abated, and additional commitments. Tax abatements entered into by other governments that affect our revenues have been properly disclosed in the notes to the financial statements, including the names of the governments that entered into the agreements, the specified taxes being abated, and the gross dollar amount of taxes abated during the period.

59) With respect to the combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards and other supplementary information:

a) We acknowledge our responsibility for presenting the combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards and other supplementary information in accordance with accounting principles generally accepted in the United States of America, and we believe the supplementary information, including its form and content, is fairly presented in accordance with accounting principles generally accepted in the United States of America. The methods of measurement and presentation of the combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards have not changed from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.

b) If the supplementary information is not presented with the audited financial statements, we will make the audited financial statements readily available to the intended users of the supplementary information no later than the date we issue the supplementary information and the auditor's report thereon.

60) With respect to federal award programs:

a) We are responsible for understanding and complying with and have complied with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), including requirements relating to preparation of the schedule of expenditures of federal awards.

b) We acknowledge our responsibility for presenting the schedule of expenditures of federal awards (SEFA) and the related notes in accordance with the requirements of the Uniform Guidance, and we believe the SEFA, including its form and content, is fairly presented in accordance with the Uniform Guidance. The methods of measurement or presentation of the SEFA have not changed from those used in the prior period and we have disclosed to you any significant assumptions and interpretations underlying the measurement or presentation of the SEFA.

c) If the SEFA is not presented with the audited financial statements, we will make the audited financial statements readily available to the intended users of the SEFA no later than the date we issue the SEFA and the auditor's report thereon.

d) We have identified and disclosed to you all of our government programs and related activities subject to the Uniform Guidance compliance audit and included in the SEFA, expenditures made during the audit period for all awards provided by federal agencies in the form of federal awards, federal cost-reimbursement contracts, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other direct assistance.

e) We are responsible for understanding and complying with, and have complied with, the requirements of federal statutes, regulations, and the terms and conditions of federal awards related to each of our federal programs and have identified and disclosed to you the requirements of federal statutes, regulations, and the terms and conditions of federal awards that are considered to have a direct and material effect on each major program.

f) We are responsible for establishing and maintaining, and have established and maintained, effective internal control over compliance for federal programs that provides reasonable assurance that we are managing our federal awards in compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a material effect on our federal programs. We believe the internal control system is adequate and is functioning as intended.

g) We have made available to you all federal awards (including amendments, if any) and any other correspondence with federal agencies or pass-through entities relevant to federal programs and related activities.

h) We have received no requests from a federal agency to audit one or more specific programs as a major program.

i) We have complied with the direct and material compliance requirements, including when applicable, those set forth in the *OMB Compliance Supplement*, relating to federal awards and confirm there were no amounts questioned and no known noncompliance with the direct and material compliance requirements of federal awards.

j) We have disclosed any communications from federal awarding agencies and pass-through entities concerning possible noncompliance with the direct and material compliance requirements, including communications received from the end of the period covered by the compliance audit to the date of the auditor's report.

k) We have disclosed to you the findings received and related corrective actions taken for previous audits, attestation engagements, and internal or external monitoring that directly relate to the objectives of the compliance audit, including findings received and corrective actions taken from the end of the period covered by the compliance audit to the date of the auditor's report.

l) Amounts claimed or used for matching were determined in accordance with relevant guidelines in OMB's Uniform Guidance (2 CFR part 200, subpart E).

m) We have disclosed to you our interpretation of compliance requirements that may have varying interpretations.

n) We have made available to you all documentation related to compliance with the direct material compliance requirements, including information related to federal program financial reports and claims for advances and reimbursements.

o) We have disclosed to you the nature of any subsequent events that provide additional evidence about conditions that existed at the end of the reporting period affecting noncompliance during the reporting period.

p) There are no such known instances of noncompliance with direct and material compliance requirements that occurred subsequent to the period covered by the auditor's report.

q) No changes have been made in internal control over compliance or other factors that might significantly affect internal control, including any corrective action we have taken regarding significant deficiencies or material weaknesses in internal control over compliance, subsequent to the period covered by the auditor's report.

r) Federal program financial reports and claims for advances and reimbursements are supported by the books and records from which the financial statements have been prepared.

s) The copies of federal program financial reports provided you are true copies of the reports submitted, or electronically transmitted, to the respective federal agency or pass-through entity, as applicable.

t) There are no subrecipients.

u) We have charged costs to federal awards in accordance with applicable cost principles.

v) We are responsible for and have accurately prepared the summary schedule of prior audit findings to include all findings required to be included by the Uniform Guidance and we have provided you with all information on the status of the follow-up on prior audit findings by federal awarding agencies and pass-through entities, including all management decisions.

w) We are responsible for and have ensured the reporting package does not contain protected personally identifiable information.

x) We are responsible for and have accurately prepared the auditee section of the Data Collection Form as required by the Uniform Guidance.

y) We are responsible for taking corrective action on each audit finding of the compliance audit and have developed a corrective action plan that meets the requirements of the Uniform Guidance.
