PROPERTY VALUES

IOWA PROPERTY VALUATIONS

In compliance with Section 441.21 of the Code of Iowa, the State Director of Revenue annually directs the county auditors to apply prescribed statutory percentages to the assessments of certain categories of real property. The 2020 final Actual Values were adjusted by the Johnston County auditor. The reduced values, determined after the application of rollback percentages, are the Taxable Values subject to tax levy. The reduced values, determined after the application of rollback percentages, are the Taxable Values subject to tax levy. For assessment year 2020, the taxable value rollback rate was 56.4094% of actual value for residential property; 84.0305% of actual value for agricultural property; 67.5000% of the actual value for multiresidential property; 90.0000% of actual value for commercial, industrial and railroad property; and 98.5489% of the actual value of utility property. Utility property is limited to an 8% annual growth.

The Legislature's intent has been to limit the growth of statewide taxable valuations for the specific classes of property to 3% annually. Political subdivisions whose taxable values are thus reduced or are unusually low in growth are allowed to appeal the valuations to the State Appeal Board, in order to continue to fund present services.

LARGER TAXPAYERS

Set forth in the following table are the persons or entities which represent larger taxpayers within the boundaries of the District, as provided by the Johnson County auditor's office. No independent investigation has been made of and no representation is made herein as to the financial condition of any of the taxpayers listed below or that such taxpayers will continue to maintain their status as major taxpayers in the District. The District's mill levy is uniformly applicable to all of the properties included in the table, and thus taxes expected to be received by the District from such taxpayers will be in proportion to the assessed valuations of the properties. The total tax bill for each of the properties is dependent upon the mill levies of the other taxing entities which overlap the properties.

DEBT LIMIT

Article XI, Section 3 of the State of Iowa Constitution limits the amount of debt outstanding at any time of any county, municipality or other political subdivision to no more than 5% of the actual value of all taxable property within the corporate limits, as taken from the last state and county tax list. The debt limit for the District, based on its 2020 actual valuation currently applicable to the Fiscal Year 2021-22, is as follows:

Net 2020 Actual Valuation for Debt Limit Purposes	\$12,022,100,708
Legal Debt Limit of 5%	<u>0.05</u>
Legal Debt Limit	\$601,105,035
Less: General Obligation Debt Subject to Limit	<u>(174,250,000)</u> ¹⁾
Net Debt Limit	\$426,855,035

- 1) It has not been determined whether Sales Tax Revenue Bonds count against the District's constitutional debt limit. If Sales Tax Revenue Bonds were to count against the District's constitutional debt limit, the aggregate outstanding debt would increase by \$74,430,000 and the Net Debt Limit would be \$352,425,035.

Taxes in Iowa are delinquent each October 1 and April 1 and a late payment penalty of 1% per month of delinquency is enforced as of those dates. If delinquent taxes are not paid, the property may be offered at the regular tax sale on the third Monday of June following the delinquency date. Purchasers at the tax sale must pay an amount equal to the taxes, special assessments, interest and penalties due on the property and funds so received are applied to taxes. A property owner may redeem from the regular tax sale but, failing redemption within three years, the tax sale purchaser is entitled to a deed which in general conveys the title free and clear of all liens except future tax installments.

- 1) Total collections for Fiscal Year 2020-21 are over 100% due to delinquent tax collections with no tax sales in June 2020 based on the Governor's emergency order related to Covid-19.
