Certified Enrollment

The Certified Enrollment for the 2015-16 school year is 13,671.17, an increase of 343.17 students (2.6% increase).

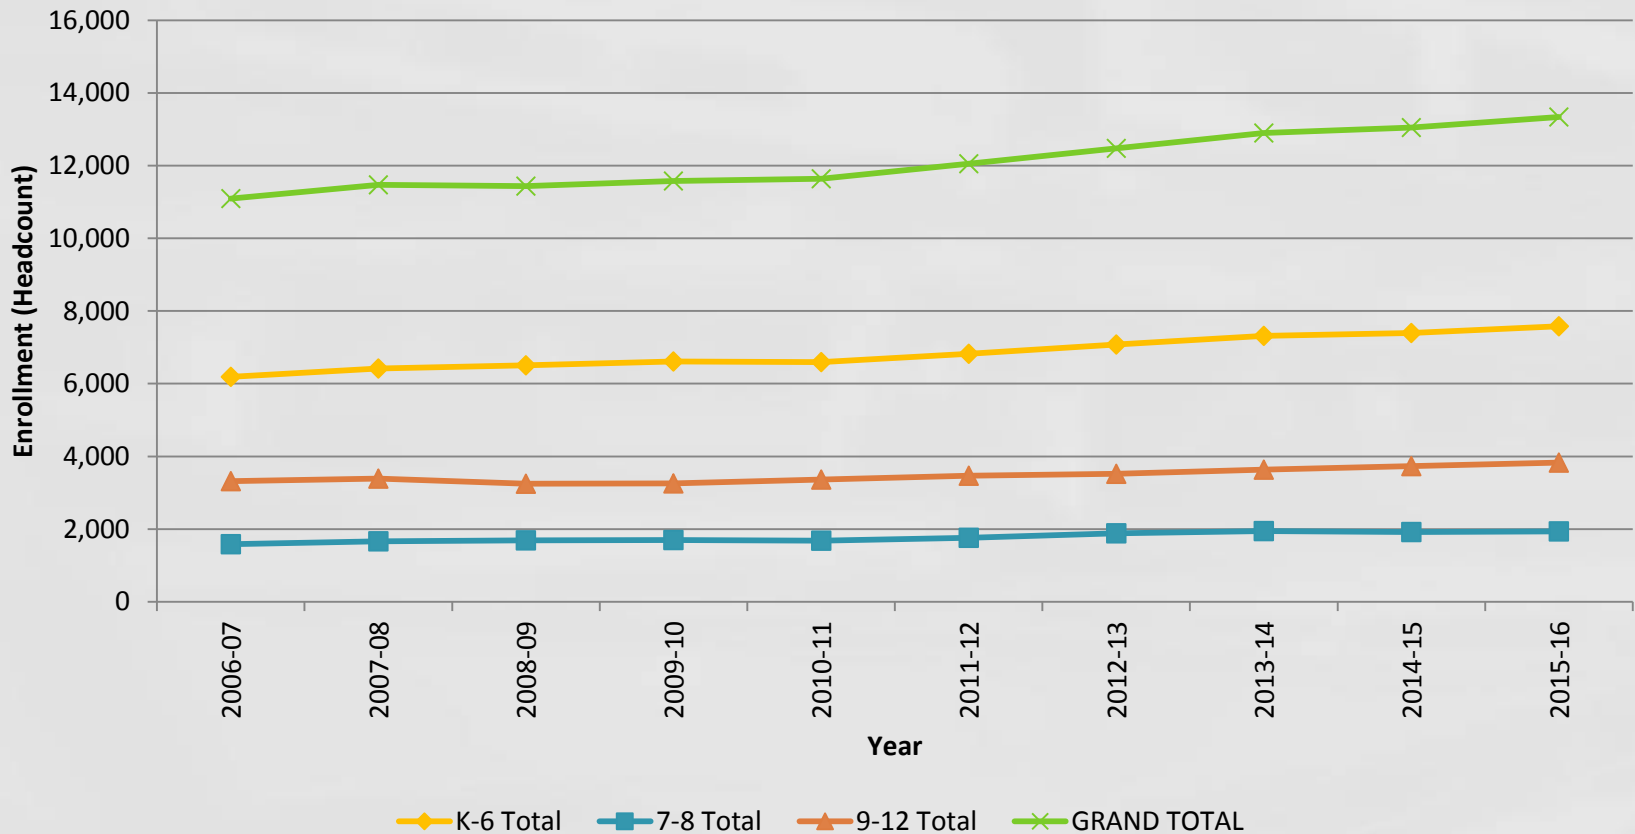

The Department of Education determines a formula that all districts in the State of Iowa use to determine their enrollment for purposes of funding. This formula is based on the students present in each school district on October 1st and results in what is called the “certified enrollment.” **The certified enrollment for the 2015-16 school year is 13,671.17.** This number is a weighted value based on the way each student in the district is categorized.

The district often uses headcounts when referring to enrollment. **The K-12 enrollment headcount for the 2015-16 school year is 13,337.**

Some agencies, such as Grant Wood Area Education Agency, refer to an alternative form of weighted enrollment, often called “students provided instruction.” For the 2015-16 school year, this weighted enrollment is 13,321.97.

Enrollment Headcount

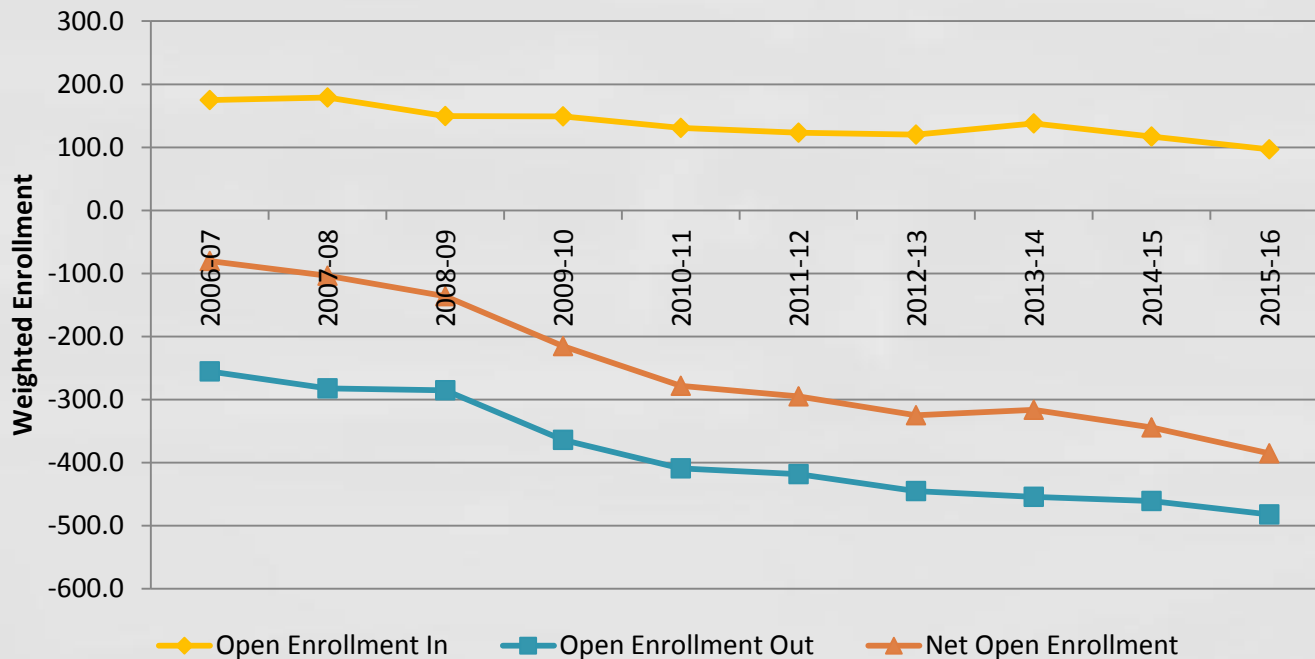

The K-12 enrollment headcount for the 2015-16 school year is 13,337, an increase of 1287 students (2.2% increase).

Open Enrollment

In 2015-16, 482 students open enrolled out of the district and 97 students open enrolled into the district, for a net loss of 385 students (11.9% increase over 2014-15).
