Certified Enrollment

The Certified Enrollment for the 2017-18 school year is 14,197.58, an increase of 215.95 students (1.5% increase).

The Department of Education determines a formula that all districts in the State of Iowa use to determine their enrollment for purposes of funding. This formula is based on the students present in each school district on October 1st and results in what is called the “certified enrollment.” **The certified enrollment for the 2017-18 school year is 14,197.58.** This number is a weighted value based on the way each student in the district is categorized.

The district often uses headcounts when referring to enrollment. **The K-12 enrollment headcount for the 2017-18 school year is 13,974.**

Some agencies, such as Grant Wood Area Education Agency, refer to an alternative form of weighted enrollment, often called “students provided instruction.” **For the 2017-18 school year, this weighted enrollment is 13,926.08.**
