Property Tax Comparison		Current Year Property Taxes	Proposed Property Taxes	Percent Change
Residential property with an Actual/Assessed Value of \$100,000		889	779	-12.37
Commercial property with an Actual/Assessed Value of \$100,000		889	779	-12.37

Note: Actual/Assessed Valuation is multiplied by a Rollback Percentage to get to the Taxable Valuation to calculate Property Taxes. Residential and Commercial properties have the same Rollback Percentage at \$100,000 Actual/Assessed Valuation.

Reasons for tax increase if proposed exceeds the current:
Increase in dollars levied is due to increase in the state SSA rate, increase in cash reserve levy to rebuild the district’s solvency ratio, and management fund support related to increasing insurance costs. The amount of school taxes per \$100,000 of property will decrease this year.
