Independent Auditor's Report

To the Board of Education of Burlington Community School District:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Burlington Community School District, Burlington, Iowa, as of and for the year ended June 30, 2019, and the related Notes to Financial Statements, which collectively comprise the District's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business type activities, each major fund, and the aggregate remaining fund information of Burlington Community School District as of June 30, 2019, and the respective changes in its financial position and, where applicable, its cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information.

U.S. generally accepted accounting principles require Management's Discussion and Analysis, the Budgetary Comparison Information, the Schedule of the District's Proportionate Share of the Net Pension Liability, the Schedule of District Contributions and the Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes on pages 7 through 15 and 46 through 51 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Burlington Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2018 (which are not presented herein) and expressed unmodified opinions on those financial statements. The supplementary information included in Schedules 1 through 9, including the Schedule of Expenditures of Federal Awards required by Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information, including the Schedule of Expenditures of Federal Awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the supplementary information, including the Schedule of Expenditures of Federal Awards, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated February 6, 2020 on our consideration of Burlington Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Burlington Community School District's internal control over financial reporting and compliance.

Burlington Community School District

MANAGEMENT'S DISCUSSION AND ANALYSIS

Burlington Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2019. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

2019 FINANCIAL HIGHLIGHTS

- The District's total net position increased from \$55,850,004 at June 30, 2018 to \$58,878,692 at June 30, 2019. Total revenues decreased 0.84% from \$59,924,692 in fiscal year 2018 to \$59,421,626 in fiscal year 2019, while total expenses decreased 1.68% from \$57,358,374 in fiscal year 2018 to \$56,392,938 in fiscal year 2019. Revenues from unrestricted state grants decreased \$1,301,574 compared to the prior year contributing to the decrease in total revenues. The decrease in expenses occurred mainly in the support services function.
- The District's General Fund revenues decreased from \$50,645,513 in fiscal year 2018 to \$50,470,332 in fiscal year 2019, while General Fund expenditures increased from \$49,257,219 in fiscal year 2018 to \$49,874,915 in fiscal year 2019. The District's General Fund balance increased from \$12,795,651 at June 30, 2018 to \$13,391,068 at June 30, 2019, a 4.65% increase from the prior year.
- The decrease in fiscal year 2019 General Fund revenues is due primarily to a decrease in unrestricted state grants received while the increase in expenditures was due primarily to an increase in special instruction costs incurred compared to the prior year.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of Burlington Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental and business type activities services were financed in the short term as well as what remains for future spending. Fund financial statements report Burlington Community School District's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining financial statements provide information about activities for which Burlington Community School District acts solely as an agent or custodian for the benefit of those outside of the School District.

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year, the District's proportionate share of the net pension liability and related contributions, as well as presenting the Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes.

Supplementary Information provides detailed information about the nonmajor governmental funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various federal programs benefiting the District.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

Figure A-2
Major Features of the Government-Wide and Fund Financial Statements

	Government-wide Statements	Fund Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire district (except fiduciary funds)	The activities of the district that are not proprietary or fiduciary, such as special education and building maintenance	Activities the district operates similar to private businesses: food service and student construction	Instances in which the district administers resources on behalf of someone else, such as scholarship programs
Required financial statements	· Statement of net position · Statement of activities	· Balance sheet · Statement of revenues, expenditures, and changes in fund balances	· Statement of net position · Statement of revenues, expenses and changes in fund net position · Statement of cash flows	· Statement of fiduciary net position · Statement of changes in fiduciary net position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; funds do not currently contain capital assets, although they can
Type of deferred outflow / inflow information	Consumption/acquisition of net position that is applicable to a future reporting period	Consumption/ acquisition of fund balance that is applicable to a future reporting period	Consumption/ acquisition of net position that is applicable to a future reporting period	Consumption/ acquisition of net position that is applicable to a future reporting period.
Type of inflow/ outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net position and how it has changed. Net Position is one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net position is an indicator of whether financial position is improving or deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities:* Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- *Business type activities:* The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds - not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds, or to show that it is properly using certain revenues, such as federal grants.

The District has three kinds of funds:

- 1) *Governmental funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, the Special Revenue Funds, the Debt Service Fund and the Capital Projects Fund.

The required financial statements for the governmental funds include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

- 2) *Proprietary funds:* Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide financial statements. The District's Enterprise Funds, one type of proprietary fund, are the same as its business type activities, but provide more detail and additional information, such as cash flows. The District currently has two Enterprise Funds, the School Nutrition Fund and the Student Construction Fund. The District's Internal Service Fund, another type of proprietary fund, is the same as the governmental activities, but provides more detail and additional information, such as cash flows. The District currently has one Internal Service Fund used to report activities associated with the District's employee cafeteria benefit plan.

The required financial statements for proprietary funds include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position and a Statement of Cash Flows.

- 3) *Fiduciary funds:* The District is the trustee, or fiduciary, for assets that belong to others. This fund includes the Private Purpose Trust Fund.
 - Private Purpose Trust Fund - The District accounts for outside donations for scholarships for individual students in this fund.

The District is responsible for ensuring that the assets reported in the fiduciary funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations.

The required financial statements for fiduciary funds include a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position.

Reconciliations between the government-wide financial statements and the governmental fund financial statements follow the governmental fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Figure A-3 below provides a summary of the District's net position at June 30, 2019 compared to June 30, 2018.

Figure A-3 Condensed Statement of Net Position							
	Governmental Activities June 30,		Business Type Activities June 30,		Total District June 30,		Total Change June 30, 2018-19
	2019	2018	2019	2018	2019	2018	
Current and other assets	\$ 50,253,730	48,284,450	769,435	874,330	51,023,165	49,158,780	3.79%
Capital assets	74,285,703	74,688,374	145,585	142,267	74,431,288	74,830,641	-0.53%
Total assets	124,539,433	122,972,824	915,020	1,016,597	125,454,453	123,989,421	1.18%
Deferred outflows of resources	6,613,868	7,195,584	154,021	180,954	6,767,889	7,376,538	-8.25%
Long-term liabilities	47,639,494	50,796,316	589,424	643,269	48,228,918	51,439,585	-6.24%
Other liabilities	7,507,428	7,532,053	72,996	67,826	7,580,424	7,599,879	-0.26%
Total liabilities	55,146,922	58,328,369	662,420	711,095	55,809,342	59,039,464	-5.47%
Deferred inflows of resources	17,476,437	16,446,774	57,871	29,717	17,534,308	16,476,491	6.42%
Net position:							
Net investment in capital assets	52,135,703	50,678,374	145,585	142,267	52,281,288	50,820,641	2.87%
Restricted	14,705,726	13,395,124	-	-	14,705,726	13,395,124	9.78%
Unrestricted	(8,311,487)	(8,680,233)	203,165	314,472	(8,108,322)	(8,365,761)	3.08%
Total net position	\$ 58,529,942	55,393,265	348,750	456,739	58,878,692	55,850,004	5.42%

The District's total net position increased 5.42%, or \$3,028,688, from the prior year. The largest portion of the District's net position is invested in capital assets (e.g., land, infrastructure, intangibles, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with resources other than capital assets.

Restricted net position represents resources subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net position increased \$1,310,602, or 9.78%, from the prior year. The increase in restricted net position is primarily a result of the increase in the amount restricted for school infrastructure when compared to the prior year.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - increased \$257,439, or 3.08%. This increase in unrestricted net position was primarily the result of the increase in the District's unassigned General Fund balance.

Figure A-4 shows the changes in net position for the year ended June 30, 2019 compared to the year ended June 30, 2018.

	Figure A-4 Changes in Net Position

Other	108,630	260,926	8,766	3,552	117,396	264,478	-55.61%
Total revenues	57,682,677	58,132,205	1,738,949	1,792,487	59,421,626	59,924,692	-0.84%
Program expenses:							
Instruction	34,951,020	35,171,775	-	11,636	34,951,020	35,183,411	-0.66%
Support services	14,855,976	15,556,548	-	-	14,855,976	15,556,548	-4.50%
Non-instructional programs	21,620	41,799	1,736,938	1,720,059	1,758,558	1,761,858	-0.19%
Other expenses	4,827,384	4,856,557	-	-	4,827,384	4,856,557	-0.60%
Total expenses	54,656,000	55,626,679	1,736,938	1,731,695	56,392,938	57,358,374	-1.68%
Excess of revenues over expenses	3,026,677	2,505,526	2,011	60,792	3,028,688	2,566,318	18.02%
Transfers	110,000	86,364	(110,000)	(86,364)	-	-	0.00%
Change in net position	3,136,677	2,591,890	(107,989)	(25,572)	3,028,688	2,566,318	18.02%
Net position beginning of year	55,393,265	52,801,375	456,739	482,311	55,850,004	53,283,686	4.82%
Net position end of year	\$ 58,529,942	55,393,265	348,750	456,739	58,878,692	55,850,004	5.42%

In fiscal year 2019, property tax, statewide sales, services and use tax and unrestricted state grants accounted for 84.65% of the governmental activities revenues while charges for service and operating grants, contributions and restricted interest accounted for 98.79% of the business type activities revenues.

The District's total revenues were approximately \$59.42 million, of which approximately \$57.68 million was for governmental activities and approximately \$1.74 million was for business type activities.

As shown in Figure A-4, the District as a whole experienced a 0.84% decrease in revenues and a 1.68% decrease in expenses. The primary reason for the decrease in revenues was a decrease in unrestricted state grants received. The decrease in expenses occurred mainly in the support services functional area compared to the prior year.

Governmental Activities

Revenues for governmental activities were \$57,682,677 and expenses were \$54,656,000 for the year ended June 30, 2019.

The following table presents the total and net cost of the District's major governmental activities, instruction, support services, non-instructional programs and other expenses, for the year ended June 30, 2019 compared to those expenses for the year ended June 30, 2018.

Figure A-5						
Total and Net Cost of Governmental Activities						
	Total Cost of Services			Net Cost of Services		
	2019	2018	Change 2018-19	2019	2018	Change 2018-19
Instruction	\$ 34,951,020	35,171,775	-0.63%	29,088,043	29,566,510	-1.62%
Support services	14,855,976	15,556,548	-4.50%	14,524,453	15,275,868	-4.92%
Non-instructional programs	21,620	41,799	-48.28%	13,070	24,951	-47.62%
Other expenses	4,827,384	4,856,557	-0.60%	2,835,517	2,851,364	-0.56%
Total	<u>\$ 54,656,000</u>	<u>55,626,679</u>	<u>-1.74%</u>	<u>46,461,083</u>	<u>47,718,693</u>	<u>-2.64%</u>

For the year ended June 30, 2019:

- The cost financed by users of the District's programs was \$1,371,284.
- Federal and state governments along with contributions from local sources subsidized certain programs with grants and contributions totaling \$6,823,633.
- The net cost of governmental activities was financed with \$15,281,832 in property tax, \$4,381,641 in statewide sales, services and use tax, \$29,162,761 in unrestricted state grants, \$552,896 in interest income, and \$108,630 in other general revenues

Business Type Activities

Revenues of the District's business type activities during the year ended June 30, 2019 were \$1,738,949, a 2.99% decrease from the prior year, and expenses were \$1,736,938, a 0.30% increase from the prior year. The District's business type activities include the School Nutrition Fund and Student Construction Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements, donations, investment and other income.

INDIVIDUAL FUND ANALYSIS

As previously noted, the Burlington Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported combined fund balances of \$26,788,435, above last year's ending combined fund balances of \$24,800,728. The increase in combined fund balances is largely due to the increase in the Capital Projects: Statewide Sales, Services and Use Tax Fund balance.

Governmental Fund Highlights

- The General Fund balance increased from \$12,795,651 at June 30, 2018 to \$13,391,068 at June 30, 2019. Revenues decreased from the prior year primarily due to a decrease in revenues from state sources; expenditures for the year increased due in part to an increase in special instruction costs incurred. Revenues continued to exceed expenses resulting in a \$595,417 increase in fund balance.
- The Capital Projects Fund balance increased from \$5,826,826 at June 30, 2018 to \$6,998,026 at June 30, 2019. Sales tax revenues increased \$261,902, or 6.36%, compared to the prior year while expenditures remained very comparable to the prior year.

- The Debt Service Fund increased from \$3,714,794 at June 30, 2018 to \$3,830,035 at June 30, 2019. The Debt Service Fund is used to record principal and interest payments on the District's long-term debt. Revenues from interest income nearly doubled while other revenues and expenditures did not vary significantly from the prior year.

Proprietary Fund Highlights

The School Nutrition Fund net position decreased from \$440,640 at June 30, 2018 to \$332,651 at June 30, 2019, representing a decrease of 24.51%. Revenues from charges for service decreased \$49,222, or 12%, from the prior year as total expenses increased compared to the prior year. The net position of the Student Construction Fund was \$16,099 at June 30, 2019. The District's student construction program had no activity during fiscal year 2019 resulting in no change in net position.

BUDGETARY HIGHLIGHTS

The District's revenues were \$1,479,338 less than budgeted revenues, a variance of 2.43%. The most significant dollar variance resulted from the District receiving less from state sources than originally anticipated.

Total expenditures were less than budgeted, primarily due to the District's budget for the General Fund. It is the District's practice to budget expenditures using realistic projections based from prior year expenditures with a buffer built as to not exceed the annual budget. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should always exceed actual expenditures for the year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2019, the District had invested approximately \$74.43 million, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-6) This represents a net decrease of 0.53% from last year. More detailed information about the District's capital assets is presented in Note 6 to the financial statements. Depreciation expense for the year was \$2,657,704.

The original cost of the District's capital assets was approximately \$120.52 million. Governmental activities accounted for approximately \$119.80 million of the total with the remainder of approximately \$0.72 million accounted for in the Proprietary, School Nutrition Fund.

The largest change in capital asset activity during the year occurred in the buildings category. The District's buildings, net of accumulated depreciation, totaled \$66,447,995 at June 30, 2019, compared to \$67,071,601 reported at June 30, 2018. This decrease resulted primarily from the annual depreciation expense recognized during the year.

Long-Term Debt

At June 30, 2019, the District had \$22,150,000 of total long-term debt outstanding. This represents a decrease of 7.75% from last year. (See Figure A-7) Additional information about the District's long-term debt is presented in Note 7 to the financial statements.

The District had outstanding revenue bonded indebtedness of \$22,150,000 at June 30, 2019, payable from the Capital Projects: Statewide Sales, Services and Use Tax Fund.

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

- The State of Iowa set the supplemental state aid for fiscal year 2020 at 2.06%, but has not set the supplemental state aid for fiscal year 2021 and beyond. The District's inability to predict future revenues will continue to have a significant impact on future budget discussions. As approximately 80% of the District's General Fund budget is comprised of salary and benefits, wage and salary adjustments realized through collective bargaining along with escalating health insurance premiums will have a significant impact on District expenses.
- The Iowa school funding formula is highly dependent upon student enrollment. The District's certified enrollment continues to decline every year, averaging a loss of 90 students each of the last six years. In 2013 the certified enrollment was 4,655 students and is now at 4,086, a reduction of 569 fewer students. State projections show a continued decline in enrollment which will continue to negatively impact the District's revenues.
- The state of the economy at both the national and state level impact the District's general fund revenues as the state revenues support state school aid. While the economy has been slowly improving, future funding to schools will continue to be directly affected. As costs continue to increase while projected revenues will continue to decline over the next five years, the District will need to explore options to maintain a balanced budget in the foreseeable future.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business and Finance Office, Burlington Community School District, 1429 West Avenue, Burlington, Iowa 52601.

BURLINGTON COMMUNITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

(1) Summary of Significant Accounting Policies

Burlington Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as career and technical and recreational courses. The geographic area served includes the City of Burlington, Iowa, and the predominate agricultural territory in Des Moines County. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Government Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Burlington Community School District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the District. The District has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Des Moines County Assessors' Conference Board.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Position presents the District's nonfiduciary assets, deferred outflows or resources, liabilities and deferred inflows or resources, with the difference reported as net position. Net position is reported in the following categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction, or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or are imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds. Combining schedules are also included for the Capital Projects Fund accounts.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenses, including instructional, support and other costs.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities and other capital assets.

The Debt Service Fund is utilized to account for the property tax and other revenues to be used for the payment of interest and principal on the District's general long-term debt.

The District also reports the following non-major proprietary funds:

The Enterprise, School Nutrition Fund is used to account for the food service operations of the District.

The Student Construction Fund is used to account for revenues and expenses associated with the District's construction trades program.

The Internal Service Fund is used to account for the flexible health program offered by the District. The Internal Service Fund is charged back to the governmental funds and shown combined in the Statement of Net Position and the Statement of Activities.

The District also reports fiduciary funds which focus on net position and changes in net position. The District's fiduciary fund is as follows:

The Private Purpose Trust Fund is used to account for assets held by the District under trust agreements which require income earned to be used to benefit individuals through scholarship awards.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measureable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments, and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the District's policy is generally to first apply the expenditure toward restricted fund balance and then to less restrictive classifications - committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Funds are charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity/Net Position

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investments in the Iowa Schools Joint Investment Trust and The Education Liquidity Fund which are valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the Statement of Cash Flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property taxes in governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds becomes due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2017 assessed property valuations; is for the tax accrual period July 1, 2018 through June 30, 2019 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April, 2018.

Due from Other Governments - Due from other governments represents the amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Prepaid Expenses - Representing deposits on the District's flex spending program and other payments for services not yet provided.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and governmental commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets - Capital assets, which include property, machinery and equipment and intangibles acquired after July 1, 1980 are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Position. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Land	\$ -
Buildings	5,000
Land improvements	5,000
Intangibles	100,000
Machinery and equipment:	
School Nutrition Fund equipment	500
Other machinery and equipment	5,000

Capital assets are depreciated using the straight-line method of depreciation over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Buildings	50 years
Land improvements	20 years
Intangibles	2 or more years
Machinery and equipment	5-12 years

Deferred Outflows of Resources - Deferred outflows of resources represent a consumption of net position applicable to a future year(s) which will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense, the unamortized portion of the net difference between projected and actual earnings on pension plan investments and contributions from the District after the measurement date but before the end of the District's reporting period.

Salaries and Benefits Payable - Payroll and related expenditures for teachers with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities.

Unearned Revenues - Unearned revenues are monies collected for lunches that have not yet been served. The lunch account balances will either be reimbursed or served lunches. The lunch account balances are reflected on the Statement of Net Position in the Proprietary, School Nutrition Fund.

Long-term Liabilities - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Position.

Compensated Absences - District employees accumulate a limited amount of earned but unused vacation for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental fund financial statements only for employees who have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2019. The compensated absences liability attributable to the governmental activities will be primarily paid by the General Fund. Compensated absences attributable to the business type activities will be paid by the School Nutrition Fund.

Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily by the General Fund.

Total OPEB Liability - For purposes of measuring the total OPEB liability, deferred outflows of resources related to OPEB, deferred inflows of resources related to OPEB and OPEB expense, information has been determined based on the District's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund while the portion attributable to the business type activities will be paid primarily by the Enterprise, School Nutrition Fund.

Deferred Inflows of Resources - Deferred inflows of resources represent an acquisition of net position applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows or resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows or resources consist of property tax receivable and other receivables not collected within sixty days after year end.

Deferred inflows of resources in the Statement of Net Position consist of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied and unrecognized items not yet charged to pension and OPEB expense.

Fund Equity - In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable - Amounts which cannot be spent because they are legally or contractually required to be intact or are not expected to be converted to cash.

Restricted - Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

Assigned - Amounts the District management intends to use for specific purposes.

Unassigned - All amounts not included in the preceding classifications.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

(2) **Cash and Pooled Investments**

The District's deposits in banks at June 30, 2019 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2019, the District had investments in the Iowa Schools Joint Investment Trust (ISJIT) Direct Governmental Obligation Portfolio and Miles Capital Education valued at an amortized cost of \$12,890,003 and \$2,565,878 respectively, pursuant to Rule 21-7 under the Investment Company Act of 1940. There were no limitations or restrictions on the withdrawals of the ISJIT or Miles Capital Education investments. The investments in the Iowa Schools Investment Trust were rated AAAM by Standard & Poor's Financial Services. The investments in Miles Capital Education are registered and not subject to rating.

(3) **Interfund Transfers**

The detail of interfund transfers for the year ended June 30, 2019 is as follows:

<u>Transfer to</u>	<u>Transfer from</u>	<u>Amount</u>
General	School Nutrition	\$ 110,000
Debt Service	Capital Projects: Statewide	
	Sales, Services and Use Tax	2,800,438
Total		<u>\$ 2,910,438</u>

The transfer from the School Nutrition Fund to the General Fund was a reimbursement for indirect costs incurred during the year.

The transfer from the Capital Projects: Statewide Sales, Services and Use Tax Fund to the Debt Service Fund was for principal and interest payments on the District's revenue bonded indebtedness.

(4) **Due From and Due to Other Funds**

The detail of interfund receivables and payables at June 30, 2019 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
School Nutrition	Capital Projects: Statewide	
	Sales, Services and Use Tax	<u>\$ 137,024</u>

The Capital Projects: Statewide Sales, Services and Use Tax Fund is repaying the School Nutrition Fund for revenues incorrectly recorded during the year and not corrected before year end.

(5) **Construction Commitments**

The District has entered into contracts totaling \$69,863 for press box project. As of June 30, 2019, costs of \$47,956 had been incurred against the contracts. The balance of \$21,907 remaining at June 30, 2019 will be paid as work on the project progresses.

(6) Capital Assets

Capital assets activity for the year ended June 30, 2019 was as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 3,036,734	-	-	3,036,734

The District has pledged future statewide sales, services and use tax revenues to repay the revenue bonds issued in March and December 2009 and December 2012. The bonds were issued for the purpose of building and furnishing a new middle school and refunding outstanding project notes and bonds issued for said purpose. The bonds are payable solely from the proceeds of the statewide sales, services and use tax revenues received by the District and are payable through 2029. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District. Annual principal and interest payments on the bonds are expected to require approximately 63% of the statewide sales, services and use tax revenues. The total principal and interest remaining to be paid on the bonds is \$26,552,925. For the current year \$1,860,000 in principal and \$909,421 in interest was paid on the bonds and total statewide sales, services and use tax revenues were \$4,381,641.

The resolution providing for the issuance of the statewide sales, services and use tax revenue bonds includes the following provisions:

- a) \$3,433,640 of the proceeds from the issuance of the revenue bonds shall be deposited to the reserve account to be used solely for the purpose of paying principal and interest on the bonds if insufficient money is available in the sinking account. The balance of the proceeds shall be deposited to the project account.
- b) All proceeds from the statewide sales, services and use tax shall be placed in a revenue account.
- c) Monies in the revenue account shall be disbursed to make deposits into a sinking account to pay the principal and interest requirements of the revenue bonds for the fiscal year.
- d) Any monies remaining in the revenue account after the required transfer to the sinking account may be transferred to the project account to be used for any lawful purpose.

(8) Bond Defeasement

On December 12, 2012, the District issued \$10,000,000 in revenue bonds with interest rates ranging from 1.375-3.00%, released \$412,500 of the March 1, 2009 Series A revenue bond reserve and \$330,500 of the March 1, 2009 Series B revenue bond reserve to partially advance refund \$4,125,000 of outstanding March 1, 2009 Series A revenue bonds with interest rates from 5.10-5.35%, and \$3,305,000 of outstanding March 1, 2009 Series B revenue bonds with interest rates from 5.125-5.15%.

The proceeds of the refunding issue along with the released debt reserve amounts have been placed in an irrevocable escrow account and have been invested in U.S. Government obligations which have been certified to be sufficient to pay part of the interest of both the March 1, 2009 Series A and B revenue bonds from January 1, 2013 through July 1, 2019 as well as \$4,125,000 of principal of the March 1, 2009 Series A revenue bonds when they became callable on January 1, 2019 and \$3,305,000 of principal of the March 1, 2009 Series B revenue bonds when they become callable on July 1, 2019. The interest due on the March 1, 2009 Series A and B revenue bonds that is not being paid from the escrow account remains the responsibility of the District.

The District is contingently liable in the remote possibility the escrow account is insufficient to pay the refunded bonds. After the principal and interest on all of the outstanding bonds are paid, any remaining funds in the escrow account, together with any interest thereon, will be returned to the District. The new refunding bonds have been added to the appropriate financial statements and schedules.

At June 30, 2019, \$3,305,000 of the refunded March 1, 2009 Series B revenue bonds are outstanding. Defeasement of principal and interest for the March 1, 2009 Series A revenue bonds for the year was \$4,125,000 and \$217,768 respectively. Defeasement of principal and interest for the March 1, 2009 Series B revenue bonds for the year was \$0 and \$169,666 respectively.

(9) Pension Plan

Plan Description - IPERS membership is mandatory for employees of the District, except for those covered by another retirement system. Employees of the District are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by the Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general information purposes only. Refer to the plan documents for more information.

Pension Benefits - A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month that the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month that the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits - A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions - Contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires that the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll, based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2019, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the District contributed 9.44% of covered payroll, for a total rate of 15.73%.

The District's contributions to IPERS for the year ended June 30, 2019 were \$2,636,022.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2019, the District reported a liability of \$23,478,719 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2018, the District's proportion was 0.371015%, which was a decrease of 0.011652% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the District recognized pension expense of \$2,952,589. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 128,730	530,657
Changes of assumptions	3,349,384	-
Net difference between projected and actual earnings on IPERS' investments	-	645,120
Changes in proportion and differences between District contributions and the District's proportionate share of contributions	123,038	1,206,863
District contributions subsequent to the measurement date	2,636,022	-
Total	<u>\$ 6,237,174</u>	<u>2,382,640</u>

\$2,636,022 reported as deferred outflows of resources related to pensions resulting from the District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Amount
2020	\$ 1,342,258
2021	569,607
2022	(446,530)
2023	(190,305)
2024	(56,518)
Total	<u>\$ 1,218,512</u>

There were no non-employer contributing entities at IPERS.

Actuarial Assumptions - The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of inflation (effective June 30, 2017)	2.60% per annum.
Rates of salary increase (effective June 30, 2017)	3.25 to 16.25% average, including inflation. Rates vary by membership group.
Long-term investment rate of return (effective June 30, 2017)	7.00% compounded annually, net of investment expense, including inflation.
Wage growth (effective June 30, 2017)	3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2018 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Domestic equity	22.0%	6.01%
International equity	15.0	6.48
Global smart beta equity	3.0	6.23
Core plus fixed income	27.0	1.97
Public credit	3.5	3.93
Public real assets	7.0	2.91
Cash	1.0	(0.25)
Private equity	11.0	10.81
Private real assets	7.5	4.14
Private credit	3.0	3.11
Total	100.0%	

Discount Rate - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the contractually required rate and that contributions from the District will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability	\$ 39,848,103	23,478,719	9,747,238

IPERS' Fiduciary Net Position - Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Payables to IPERS - At June 30, 2019, the District reported payables to IPERS of \$330,733 for legally required District contributions and \$220,372 for legally required employee contributions withheld from employee wages which had not yet been remitted to IPERS.

(10) Other Postemployment Benefits (OPEB)

Plan Description - The District administers a single-employer benefit plan which provides medical and prescription drug benefits for employees, retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

OPEB Benefits - Individuals who are employed by the District and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical and prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability. The District also offers a voluntary early retirement plan that provides District contributions to individual accounts for eligible medical expenses, which results in a direct subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	39
Active employees	<u>544</u>
Total	<u><u>583</u></u>

Total OPEB Liability - The District's total OPEB liability of \$2,389,620 was measured as of June 30, 2019, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions - The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

Rate of inflation (effective June 30, 2019)	2.60% per annum.
Rates of salary increase (effective June 30, 2019)	3.25-16.25% variable based on years of service, including inflation.
Discount rate (effective June 30, 2019)	3.50% compounded annually, including inflation.
Healthcare cost trend rate (effective June 30, 2019)	7.00% initial rate decreasing by varying amounts to an ultimate rate of 4.00%

Discount Rate - The discount rate used to measure the total OPEB liability was 3.50% which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the measurement date.

Pre-retirement mortality rates are from the RP-2014 Employee Table, projected generationally using MP-2017. Post-retirement mortality rates are from the RP-2014 Healthy Annuitant Table, projected generationally using MP-2017. Annual retirement probabilities are based on varying rates by age and turnover probabilities mirror those used by IPERS.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience studies with dates corresponding to those listed above.

Changes in the Total OPEB Liability

	<u>Total OPEB Liability</u>
Total OPEB liability beginning of year	\$ 1,719,048
Changes for the year:	
Service cost	146,369
Interest	89,959
Differences between expected and actual experiences	364,009
Changes in assumptions	221,278
Benefit payments	<u>(151,043)</u>
Net changes	<u>670,572</u>
Total OPEB liability end of year	<u><u>\$ 2,389,620</u></u>

Changes of assumptions reflect a change in the discount rate from 3.87% in fiscal year 2018 to 3.50% in fiscal year 2019.

Sensitivity of the District's Total OPEB Liability to Changes in the Discount Rate - The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1% lower (2.50%) or 1% higher (4.50%) than the current discount rate.

	1% Decrease (2.50%)	Discount Rate (3.50%)	1% Increase (4.50%)
Total OPEB liability	\$ 2,533,770	2,389,620	2,252,575

Sensitivity of the District's Total OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following presents the total OPEB liability of the District as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower (6.00%) or 1% higher (8.00%) than the current healthcare cost trend rates.

	1% Decrease (6.00%)	Healthcare Cost Trend Rate (7.00%)	1% Increase (8.00%)
Total OPEB liability	\$ 2,217,528	2,389,620	2,593,806

OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB - For the year ended June 30, 2019, the District recognized OPEB expense of \$287,248. At June 30, 2019, the District reported deferred inflows of resources related to OPEB from the following resources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 330,069	-
Changes in assumptions	200,646	31,002
Total	<u>\$ 530,715</u>	<u>31,002</u>

The amount reported as deferred outflows of resources related to OPEB will be recognized as OPEB expense as follows:

Year Ended June 30,	Amount
2020	\$ 50,920
2021	50,920
2022	50,920
2023	50,920
2024	50,920
Thereafter	<u>245,113</u>
Total	<u>\$ 499,713</u>

(11) Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the Area Education Agency. The District's actual amount for this purpose totaled \$1,991,867 for the year ended June 30, 2019 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

(12) Risk Management

Burlington Community School District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage from the prior year.

(13) Categorical Funding

In accordance with Iowa Administrative Code Section 98.1, categorical funding is financial support from the state and federal governments targeted for particular categories of students, special programs, or special purposes. This support is in addition to school district or area education agency general purpose revenue, for purposes beyond the basic educational program and most often has restrictions on its use. Any portion of categorical funding provided by the state that is not expended by the end of the fiscal year must be carried forward as a restricted fund balance.

The following is a schedule of the categorical funding restricted in the General Fund at June 30, 2019.

Program	Amount
Home school assistance program	\$ 214,333
Gifted and talented programs	132,317
Four-year-old preschool state aid	573,540
Beginning administrator mentoring and induction program	1,460
Textbook aid for nonpublic students	5,465
Successful progression for early readers	4,658
Professional development for model core curriculum	161,925
Professional development	214,661
Total	<u>\$ 1,308,359</u>

(14) Reconciliation of Governmental Fund Balances to Net Position

Detailed reconciliation of certain governmental fund balances to net position is as follows:

	Net investment in Capital Assets	Unassigned/ Unrestricted
Fund balance (Exhibit C)	\$ -	11,886,039
Capital assets, net of accumulated depreciation	74,285,703	-
Revenue bond capitalized indebtedness	(22,150,000)	-
Nonspendable fund balance	-	6,750
Assigned fund balance	-	189,920
Internal service fund	-	837,201
Pension related deferred outflows	-	6,086,761
OPEB related deferred outflows	-	527,107
Compensated absences	-	(205,589)
Net pension liability	-	(22,910,534)
Total OPEB liability	-	(2,373,371)
Pension related deferred inflows	-	(2,324,980)
OPEB related deferred inflows	-	(30,791)
Net position (Exhibit A)	<u>\$ 52,135,703</u>	<u>(8,311,487)</u>

(15) Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

Tax Abatements of Other Entities

Property tax revenues of the District were reduced the following amounts for the year ended June 30, 2019 under agreements entered into by the following entities:

Entity	Tax Abatement Program	Amount of Tax Abated
City of Burlington	Urban renewal	\$ 439,272
City of West Burlington	Urban renewal	20,381
City of West Burlington	Urban revitalization	2,594
Des Moines County	Urban revitalization	136,032

The State of Iowa reimburses the District an amount equivalent to the increment of valuation on which property tax is divided times \$5.40 per \$1,000 of taxable valuation. For the year ended June 30, 2018, this reimbursement amounted to \$188,114.

(16) Prospective Accounting Change

Governmental Accounting Standards Board has issued Statement No. 84, Fiduciary Activities. This statement will be implemented for the fiscal year ending June 30, 2020. The revised requirements of this statement will enhance the consistency and comparability of fiduciary activity reporting by state and local governments by establishing specific criteria for identifying fiduciary activities and clarifying whether and how business-type activities should report their fiduciary activities.

BURLINGTON COMMUNITY SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING
YEAR ENDED JUNE 30, 2019

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except Private Purpose Trust and Agency Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated function level, not by fund. The Code of Iowa also provides District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

BURLINGTON COMMUNITY SCHOOL DISTRICT
NOTEDS TO REQUIRED SUPPLEMENTARY INFORMATION - PENSION LIABILITY
YEAR ENDED JUNE 30, 2019

Changes of benefit terms:

Legislation enacted in 2010 modified benefit terms for Regular members. The definition of final average salary changed from the highest three to the highest five years of covered wages. The vesting requirement changed from four years of service to seven years. The early retirement reduction increased from 3% per year measured from the member's first unreduced retirement age to a 6% reduction for each year of retirement before age 65.

Changes of assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

The 2010 valuation implemented the following refinements as a result of a quadrennial experience study:

- Adjusted retiree mortality assumptions.
- Modified retirement rates to reflect fewer retirements.
- Lowered disability rates at most ages.
- Lowered employment termination rates.
- Generally increased the probability of terminating members receiving a deferred retirement benefit.
- Modified salary increase assumptions based on various service duration.

Basis of Presentation - The accompanying Schedule of Expenditures of Federal Awards(Schedule) includes the federal award activity of Burlington Community School District under programs of the federal government for the year ended June 30, 2019. The information on this Schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only selected portion of the operations of Burlington Community School District, it is not intended to and does not represent the financial position, changes in financial position or cash flows of Burlington Community School District.

Summary of Significant Accounting Policies - Expenditures reported in the Schedule are reported on the accrual or modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, Cost Principles for State, Local and Indian Tribal Governments, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

Indirect Cost Rate - Burlington Community School District uses a federally negotiated indirect cost rate as allowed under the Uniform Guidance.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Board of Education of Burlington Community School District:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Burlington Community School District as of and for the year ended June 30, 2019, and the related Notes to Financial Statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated February 6, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Burlington Community School District's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Burlington Community School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Burlington Community School District's internal control.

A deficiency in internal control exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Burlington Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2019 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Burlington Community School District's Responses to Findings

Burlington Community School District's responses to findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. Burlington Community School District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Burlington Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Independent Auditor's Report on Compliance
for Each Major Federal Program and on Internal Control over Compliance
Required by the Uniform Guidance

To the Board of Education of Burlington Community School District:

Report on Compliance for Each Major Federal Program

We have audited Burlington Community School District's compliance with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019. Burlington Community School District's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Burlington Community School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the audit requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Burlington Community School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our opinion on compliance for each of the major federal programs. However, our audit does not provide a legal determination of Burlington Community School District's compliance.

Opinion on Each Major Federal Program

In our opinion, Burlington Community School District complied, in all material respects, with the types of requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of Burlington Community School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Burlington Community School District's internal control over compliance with the type of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Burlington Community School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOLTE, CORNMAN & JOHNSON, P.C.

BURLINGTON COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2019

Part I: Summary of the Independent Auditor's Results:

- (a) Unmodified opinions were issued on the financial statements prepared in accordance with U.S. generally accepted accounting principles.
- (b) No material weaknesses in internal control over financial reporting were disclosed by the audit of the financial statements.
- (c) The audit did not disclose any noncompliance which is material to the financial statements.
- (d) No material weaknesses in internal control over major programs were noted.
- (e) An unmodified opinion was issued on compliance with requirements applicable to each major program.
- (f) The audit disclosed no audit findings which were required to be reported in accordance with the Uniform Guidance, Section 200.516.
- (g) Major programs were as follows:
 - CFDA Number 84.010 - Title I Grants to Local Educational Agencies
 - CFDA Number 84.027 - Special Education Grants to States
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$750,000.
- (i) Burlington Community School District qualified as a low-risk auditee.

BURLINGTON COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2019

Part II: Findings Related to the Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

INTERNAL CONTROL DEFICIENCY:

No matters were noted.

Part III: Findings and Questioned Costs For Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

INTERNAL CONTROL DEFICIENCIES:

No material weaknesses in internal control over the major programs were noted.

BURLINGTON COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2019

Part IV: Other Findings Related to Required Statutory Reporting:

- IV-A-19 Certified Budget - District disbursements for the year ended June 30, 2019 did not exceed the certified budgeted amounts.
- IV-B-19 Questionable Disbursements - No expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- IV-C-19 Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
- IV-D-19 Business Transactions - Business transactions between the District and District officials are noted as follows:

Name, Title and Business Connection	Transaction Description	Amount
Adam Glasgow, Teacher Owner of Grayhound Painting	Services-Painting	\$ 4,257
Bryan Bross, Board Member Manager at Klingner & Associates P.C. with equity stake	Services-Architect	\$ 3,043

In accordance with an Attorney General's opinion dated July 2, 1990, the above transactions with the District employee do not appear to represent a conflict of interest.

In accordance with the Chapter 279.7A of the Code of Iowa, the above transactions with the District's board member do not appear to represent a conflict of interest as the services were competitively bid and the board member recused himself from discussion and voting.

- IV-E-19 Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that the coverage is adequate for current operations.
- IV-F-19 Board Minutes - We noted no transactions requiring Board approval which have not been approved by the Board.
- IV-G-19 Certified Enrollment - No variances in the basic enrollment data certified to the Iowa Department of Education were noted.
- IV-H-19 Supplementary Weighting - We noted the supplementary weighting certified to the Iowa Department of Education appears to have been understated by 0.761.

Recommendation - The Iowa Department of Education and the Iowa Department of Management should be contacted to resolve this matter.

Response - The District's auditors will contact the Iowa Department of Education and the Iowa Department of Management on behalf of the District to resolve this matter.

Conclusion - Response accepted.

- IV-I-19 Deposits and Investments - No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy were noted.
- IV-J-19 Certified Annual Report - The Certified Annual Report was filed with the Iowa Department of Education timely and we noted no significant deficiencies in the amounts reported.
- IV-K-19 Categorical Funding - No instances were noted of categorical funding used to supplant rather than supplement other funds.
- IV-L-19 Statewide Sales, Services and Use Tax - No instances of non-compliance with the allowable uses of the statewide sales, services and use tax revenue provided in Chapter 423F.3 of the Code of Iowa were noted.

Pursuant to Chapter 423F.5 of the Code of Iowa, the annual audit is required to include certain reporting elements related to the statewide sales, services and use tax revenue. Districts are required to include these reporting elements in the Certified Annual Report (CAR) submitted to the Iowa Department of Education. For the year ended June 30, 2019, the District reported the following information regarding the statewide sales, services and use tax revenue in the District's CAR:

Beginning balance		\$ 4,453,073
Revenues:		
Sales tax revenues	\$ 4,381,641	
Other local revenues	90,782	4,472,423
		<u>8,925,496</u>
Expenditures/transfers out:		
School infrastructure construction	30,050	
Equipment	149,039	
Other	261,454	
Transfers to other funds:		
Debt service fund	2,800,438	3,240,981
		<u>5,684,515</u>
Ending balance		<u>\$ 5,684,515</u>

For the year ended June 30, 2019, the District did not reduce any levies as a result of the monies received under Chapter 423E or 423F of the Code of Iowa.

- IV-M-19 Board Policies - We noted during our audit instances of District board policies which do not appear to have been reviewed and/or updated within the past five years. According to Iowa Administrative Code Chapter 281-12.3(2), *"Policies shall be reviewed at least every five years to ensure relevance to current practices and compliance with the Iowa Code, administrative rules and decisions, and court decisions."*

Recommendation - The District should review its official board policies and update all policies that have not been updated within the last five years. The District should also review procedures and take steps to ensure board policies are reviewed in a timely manner in accordance with Chapter 281-12.3(2) of the Iowa Administrative Code.

Response - We have implemented a schedule to complete all policy reviews and updates on a regular schedule. The policies that are out of date will be reviewed first.

Conclusion - Response accepted.
